is talented”**

Dear Students,

I would like to express my gratitude for the faith and interest you have shown in 'ASV'. You have enrolled yourself with 'ASV' for the preparation of Engg. & Medical entrance examinations. We join you in your noble choice & promise to help you in your endeavor for the achievement of your goal.

We at 'ASV' always believe that excellence in education can make a difference in person's world. We believe in cultivating unique strengths of each individual student.

Remember in any scheme of fruitful attempt for the competitive examinations, the dynamic organization of various inputs from faculty to facts, from material to methodology, from motivation to maverick adventurism, from subtle hammering to satiation cannot be ignored.

Today, we recognize that complex problem solving skills are not automatically acquired. They must be taught. And since modern competitive education stresses the generalized carryover of processes rather facts in learning, attention is increasingly being focused upon the development of good study (learning) procedure by the students.

We at the 'ASV' are aware of the potential value of testing as a means of guiding the student into correct study habits. The in-built highly proficient system of examinations developed by 'ASV' has proved to be very potent.

I can assure you that our association will be one of the most cherished decisions of your life. 'ASV' is a place where you will be challenged to achieve your potential, find support as you shape up your future and open doors to success. I ensure that no stone will remain unturned in the endeavor to ensure you a great career ahead.

Wishing you a very bright future !

D.N.SHARMA
Managing Director

ABOUT 'ASV'

At 'ASV', we endeavor to amalgamate the ancient values of uttermost dedication and responsibility that gave teaching a very pious and sacred status, with latest teaching methodologies so as to make the act of learning, a delectable experience.

The arduous task is accomplished by a team of diligent academicians and entrepreneurs, who with the years of experience have mastered the techniques to transform even the most abstruse topics easy to comprehend.

Great emphasis is laid on the concepts and fundamentals with a smooth and systematic transition to the advanced levels of teaching. The interaction between students and teachers is always encouraged so as to provide a very healthy environment for growth and learning.

During the process of training the students for JEE/Engg./Medical entrance examinations, great emphasis is laid on the fundamentals so as to excel in the CBSE examination also.

OUR MISSION

Generating excellence both in academic and competitive aspects thereby training the youth for most grueling entrance level exams viz. JEE/Engg. & Medical entrances.

OUR VISION

Generating excellence in academic, exploring creative areas of the dormant self, nurturing talent & aptitude & including perseverance among the students to keep themselves abreast of the latest developments in the field of competitive examinations.

OUR OBJECTIVES

Striving to provide the best possible education to aspiring Engineering and medical professionals. Creating a comprehensive understanding of the subjects & help developing strategies to meet arduous competitions among the students to match, excel & ameliorate the competition oriented education.

TEACHING METHODOLOGY

Shaping the future of success requires more than classroom sessions. One must master the fundamentals and tricks to solve the problems. One needs the scaling of the depth and breadth of knowledge that provides relevant context and strategic perspective. One must remember that it is the sheer application of basic fundamentals that helps you on the eve of exams with speed & accuracy to achieve optimum score.

At 'ASV' the student teacher interaction is not restricted only to classrooms. A well planned time table with Classroom, Practical and Doubt Solving Desk sessions make the fullest use of the valuable time devoted by the student at 'ASV'.

Every class ends with assignment and daily practice problems for better practice of the concepts thought in the classroom. Regular submission and evaluation of assignments allows the student to assess his/her performance on a continuous basis.

Hi-Tech Classrooms generate keen interest of the students and increases energy levels. Close Circuit Cameras not only helps to maintain smooth in-house discipline, but also allows the faculty members and student counselors to observe the behavioral pattern of every student, which in turn augments the performance of students.

THE FACULTY

The faculty is a guiding strength as well as an inspiring aspect in making student winner now and ever. Therefore, we follow a very strong, systematic & objective selection and training process before a teacher becomes an 'ASV' faculty. We have a huge pool of specialized faculty members for each subject.

Faculty members at 'ASV' are highly motivated, well qualified and true teachers having keen interest in the field of imparting knowledge. The faculty members are welcoming, accessible and approachable, guide and guru, at the same time. Mentorship is an integrated part of their routine at 'ASV'.

We understand that the effort of faculty members will give multiple results when their efforts are blended in the correct proportion; all faculty members are highly inclined towards teamwork generating the most comprehensive approach for best results in all the subjects. The combination of a strong foundation in the subjects and decades of experience in teaching Boards as well Competitive Exams making our faculty team the best in the region.

Unlike other big institutions where the star faculty focuses towards top students only, we at 'ASV' offer the very same quality of faculty pool to all our students.

EVALUATION/ASSESSMENT SYSTEM

Our well researched & tested Evaluation system provides us the absolute confidence about our projected results. A variety of tests are conducted to prepare the student to face any type of competition. We cover all patterns of tests i.e. Subjective (Board), Main, Advanced, NEET, etc. to prepare the students to face any permutation prepared by the paper setter. Tests are conducted on a daily basis to keep the students highly motivated on their toes. A Topic & Weekly test allows the evaluation of chapter by chapter preparation.

ABOUT JEE MAIN

The Joint Entrance Examination (JEE) is an All-India Common Entrance Exam for facilitating admissions into engineering colleges across India. It is conducted in two phases; the first being JEE Main and the second being JEE Advanced. While institutions like the NITs, IITs and other Central or State Funded Institutes grant admissions based on the results of JEE Main, IITs and ISM, Dhanbad, grant admissions based on the results of JEE Advanced. Additionally, students are eligible to take JEE Advanced only if they clear the cut-off marks prescribed for JEE Main.

JEE Main & Advanced are considered to be one of the toughest exams in the world. Every year, over 1.4 million students appear for this exam. A candidate needs to clear the JEE Main cut-off to appear for JEE Advanced. Only the top 2,20,000 students will be qualified for JEE Advanced, based on JEE Main results.

As for taking admissions via your JEE Main results, the cutoffs vary from year to year. The cutoffs of individual years depend upon the number of candidates who register, the difficulty level of the paper, and the number of institutes participating in the counseling procedure.

CUT-OFF

The JEE Main cut-off indicates the closing ranks or minimum scores that the applicants need to score to qualify for JEE Advanced. Candidates who don't meet the cut-off will be considered ineligible. However, they can still participate in the JEE Main counseling, conducted by the Joint Seat Allocation Authority (JoSAA).

ABOUT NEET (UG) / AIIMS

The National Eligibility cum Entrance Test is the one and only national level examination for MBBS and BDS courses in India. Central Board of Secondary Education (CBSE) is the conducting body for the NEET exam every year. Aspirants appearing for NEET can seek admissions in the undergraduate medical and dental courses offered by various government and private medical colleges of the country.

AIIMS is a national level MBBS Entrance Exam conducted by All India Institute of Medical Sciences for admission to MBBS courses. AIIMS, New Delhi conducts the exam to help deserving candidates get admission in MBBS program offered by AIIMS New Delhi, Bhopal, Jodhpur, Bhubaneswar, Patna, Rishikesh and Raipur.

NEET Educational Qualification

Candidate must have passed 10+2 or an equivalent examination from a recognized board.

Candidates who are still appearing for the class 12th examination are also eligible to apply.

Candidate should have studied Physics, Chemistry, and English with Biology/Biotechnology.

General Category students should have secured at least 50% marks in aggregate.

General Category (Physically handicapped) students should have secured at least 45% marks in aggregate.

SC/ST/OBC Category students should have secured at least 40% marks in aggregate.

CUT-OFF

The cut-off will be based on the number of students appeared in the exam, the difficulty level and availability of seats. The following table shows the minimum qualifying percentile required to clear the NEET exam:

Category	Qualifying Percentile
Unreserved	50th percentile
Scheduled Caste/Scheduled Tribes/ Other backward classes	40th percentile

TWO YEAR CLASSROOM PROGRAM (TYCP)

After class 10 board exams, it is high time you start working towards that lucrative future you have been dreaming of. With two important academic years coming up you surely need the best of guidance to have your best shot at JEE/NEET-UG/AIIMS along with 12th boards exams. Our two year classroom program precisely designed to meet the requirements of the ambitious aspirant in this age of cut throat competition. Stretching across the entire duration of class 11 and 12, it provides ample time to go into the depths of each topic as well as practice its applications. Brilliantly designed and innovative study materials provide more than adequate matter for practicing and embedding the concepts discussed in classroom. Monthly periodic tests keep you afloat with the current pattern of competitive exams and help develop exam temperament. Integrated school program keeps check on the school syllabus on a regular basis and board pattern tests help you develop the habit of scoring well in your school exams.

ELIGIBILITY:

Class 10th to 11th moving student targeting JEE (Main+Advanced) or Pre-Medical Entrance Exam (NEET/AIIMS).

AIMS & OBJECTIVES

- ♦ Gradually enhances the level of student from Ground Level to Top Level.
- ♦ Scoring high marks in BOARD Examination.
- ♦ Top Ranks in JEE (Main+Advanced), NEET-UG, AIIMS & other State and National Level Engineering / Medical Entrance Examinations.

COURSE DETAILS FOR TYCP

- ♦ Separate classes will be conducted for JEE & Pre-Medical coaching
- ♦ Special classes for English are also conducted from board examination point of view.

ONE YEAR CLASSROOM PROGRAM (OYCP)

The program aims at laying down the fundamentals of Engineering/Pre-Medical Entrance Examinations, besides making the board examination's preparation more conceptual and comprehensive. This is accomplished through motivating the students in regard to learning tools, mastering concepts, thinking critically, and solving problems within the specified time limit. Besides covering the entire JEE/Pre-Medical syllabus of Class XII, important topics relevant to the preparation and JEE/Pre-Medical syllabus from class XI are also covered. Regular tests with varying difficulty levels are regularly conducted and discussed thoroughly to ensure the student's learning and performance. Intensive classroom teaching covering Physics, Chemistry, Mathematics and Biology in a pattern proof subjective manner.

ELIGIBILITY:

Class 11th to 12th moving student targeting JEE (Main+Advanced) or Pre-Medical Entrance Exam.

AIMS & OBJECTIVES

- ♦ Preparing the students for both, Class 12th BOARD Exam, JEE (Main+Advanced)/NEET-UG/AIIMS/ State-PMT etc.
- ♦ Training the students in techniques of handling stress and examination pressure with ease.
- ♦ Top Ranks in JEE (Main+Advanced), NEET-UG, AIIMS & other State and National Level Engineering/Medical Entrance Examinations.

DROPPER'S BATCHES

One year course program for 12th passed/Repeaters/Droppers candidates who aim to appear for JEE/NEET-UG/AIIMS and other competitive examinations. The duration of this course spans over a core period of 10 months and covers the entire syllabus for competitive examinations (both classes 11 and 12). This is a rigorous course program as the time span is limited and no compromises are made regarding detailed analysis and classroom explanations as well as numerical applications and its practice. Frequent periodic tests keeps the aspirant at the peak of their performance curve and help develop speed and exam temperament. Integrated with Test Series Package and complete study material package.

ELIGIBILITY:

Class 12th passed student targeting JEE (Main+Advanced) or Pre-Medical Entrance Exam.

AIMS & OBJECTIVES

- ♦ Specially designed for the students aspiring one more time for JEE (Main+Advanced)/NEET-UG/AIIMS/State Medical exams etc.
- ♦ Plugging the loop holes in their subject knowledge. Concept rebuilding, working on the weak areas, faster problem solving techniques, time management etc. are its core areas of training.
- ♦ Equips the students with all the skills and competencies required for their success in JEE (Main+Advanced), NEET-UG, AIIMS & other State and National Level Engineering/Medical Entrance Examinations.
